# One girl's question, carried from eight to eighty

## “If everyone is light, why is everyone so dark?”

Lia asks the question every soul carries. Over a lifetime she walks the answer.

Four guides lead her: Felicia, Universal Panacea, Becoming Human and Light of Eden. All are Meta Pets.

The Severance, the shadow that splits us from ourselves, is not defeated but integrated. The film ends where it began: you are home.

# Everything the film needs already exists

## The book

The full libretto: two acts and twelve scenes, in English and Spanish

## The album

Twelve songs, produced and released

## The 64 Meta Pets

Original characters with a card deck and an app on iOS and Google Play

## The stage musical

World premiere in Jaipur, India, on 31 January 2027

## 3D figurines

Felicia, Light of Eden and Universal Panacea, sold at meta-pets.world

## Twelve film chapters

Online since November 2026, with subtitles in four languages

CHAPTER 1 · FIRST CUT · 4:05

# Roots of the Earth

The great tree wakes Felicia and the Meta Pets, who gather and dance in the golden meadow.

CHAPTER 2 · FIRST CUT · 7:38

# The Question

Lia leaves a rainy city through a door of light, meets Felicia under the great tree and asks her question.

CHAPTER 3 · FIRST CUT · 3:19

# The Shadow Speaks

The Severance steps out of the mist. Felicia does not fight him: she listens, and opens the door.

CHAPTER 4 · FIRST CUT · 4:14

# River of Forgiveness

At a river of light, the Universal Panacea shows Lia that the river does not ask the rocks to move, and Lia lays her stone on the water.

CHAPTER 5 · FIRST CUT · 3:35

# Becoming Human

By a fire in the night, Becoming Human, Meta Pet 36, lays down the heavy coat he wore as a costume and finds that the fire he feared is kind.

CHAPTER 6 · FIRST CUT · 3:48

# Wings of the Heart

On a hill of coloured doors, Felicia opens her wings and the doors of the heart open too, even the rusted one. The shadow is welcomed into the light.

CHAPTER 7 · FIRST CUT · 3:44

# Light of Eden

In a hilltop garden of blossom and golden bells, Light of Eden sings with a choir of twelve Meta Pets. When Lia's voice will not come, she kneels beside her: sing it small, sing it scared. Then the light turns cold blue.

CHAPTER 8 · FIRST CUT · 3:32

# Mine Alone

The Severance shows Lia his world: a cabaret of felt walls and blue neon where every Meta Pet is alone. Felicia takes her hand: he is not the enemy, he is the wound. The walls crack and Lia says: I'm sorry I forgot you.

CHAPTER 9 · FIRST CUT · 3:44

# Portal of Light

Before a portal of light, The Severance confesses he is the lie of separateness and asks to be taken back. The guides answer: we take you back. The door opens with stillness, Lia meets her older self, and the world they left turns luminous.

CHAPTER 10 · FIRST CUT · 4:16

# Infinite Sky

Under the stars Lia sings: you are not the storm, you are the sky. The guides and the Meta Pets gather under the Milky Way. After an eight-second silence, Lia grown old remembers a whole life, and it was enough.

CHAPTER 11 · FIRST CUT · 3:40

# Happytalism

Lia grown old remembers: and we built it, slowly and badly at first, and together. Then the whole city sings: the old world of never enough crumbles, the long table is laid in the street, coins turn into flowers and ten billion souls light up the Earth. One awakened cell, myself.

CHAPTER 12 · FIRST CUT · 4:26

# The Path of Light

The finale. Lia grown old: we are not the future, we are the now. Lia sends her light to the stars, the Meta Pets dance in a ring, young Lia and Lia grown old meet palm to palm. Roots in the earth, wings in the sky, crown of the stars: we are these. It ends in a theatre full of lights: you are home.

# All 64 Meta Pets, exactly as they are on the cards

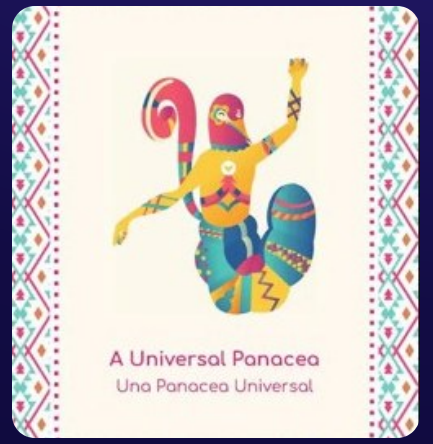

Each one was rebuilt from its card as a hand-felted stop-motion character. One rule runs through the film: every creature on screen is one of the 64, or Felicia. Nothing is invented.

# How each chapter is made

1. **The card**
   Each Meta Pet starts from its original card art
2. **The character**
   A felt character sheet, checked against the card
3. **The key frames**
   One image per shot, timed to the song
4. **The animation**
   Each frame is animated with AI video, 4 to 8 seconds a shot
5. **The cut**
   Edited to the album recording, then subtitled in four languages

> The singing is the released album. No character moves its mouth: the songs are heard as an inner voice, so there is no lip-sync to get wrong.

# What it has cost, and what comes next

| STAGE | WHAT IT DELIVERS | COST |
|---|---|---|
| **Done** | Chapters 1 to 12, 50 minutes, and the 64 characters | **€200,000 in creative work and AI** |
| **Next** | The final cut of the full film | **Creative and AI budget to be quoted** |
| **Then** | The hybrid feature: theatre cast, original voices, a 3D library of the 64 Meta Pets that we own | **€0.6M–1.2M, planning estimate to be quoted** |

Spain's deduction for film productions: 30% of the first €1M of cost and 25% of the rest, up to €20M per production. It requires a Spanish production company and a nationality certificate.

Creative work covers writing, music, character design, direction and editing, together with AI generation; figure from the production. Sources for the deduction: Spain Film Commission, Tax Incentives; Agencia Tributaria, Art. 36.1, Law 27/2014.
